

Natasha Bayliss

About Me

I am currently a second year student studying Computer Science at the University of Nottingham.

If you would like a full copy of my CV (with references, grades, etc.) , please email me at tashb19@gmail.com

Programming Languages:

Web Development: HTML, CSS, Java Script, PHP

Assembly: x86, ARM

Compiled: C, Java

Scripted: Python, Bash, SQL

Education

University of Nottingham
BSci Computer Science
2019-2023

Anthony Gell School
10 A-B GCSE
3 A Level (A*, B, B)
AS Level (Merit)

Extra Curricular

Over the summer between first and second year, I partook in the Cyber Insights Summer Placement; This was a really valuable learning experience for me as I worked on a number of projects and gained a wide insight into a number of industry cyber security areas.

During this year I became part of the mentoring system - This involves meeting with and communicating with 1st year students answering any questions they have, and covering topics in workshops to build on areas they were covering in lectures. This mentor role has equipped me with a range of communication skills, building on prior experience.

Alongside the mentoring program, I am also the Speaker Acquisition Secretary for Hack Soc. This involved bringing industry speakers to the society and organising events for them to speak at. This has been a really enjoyable role as it has given me public speaking experience, and also a number of industry contacts, with an insight into the area they work in.
